Dear Mr. Cox:

It has been brought to my attention that you were irrigating land with Manti Creek water south of Manti during the month of November, 1989.

I will take this opportunity to advise you that this is a violation of your water right and could result in legal action being taken against you. The water you use during this time period belongs to downstream storage rights.

I will trust that you will not allow this practice to occur in the future. If you have any questions regarding this matter please contact me.

Sincerely,

M. Stanley Adams, P.E.
